

SIMPLBOX EXTENDED WARRANTY CERTIFICATE (USA)

Version 0.1.0

Effective Date: September 16, 2019

This SIMPLBOX Extended Warranty Certificate (“SIMPLBOX Extended Warranty Certificate”) is only valid: (a) if issued by Simpl Global, Inc. (“**SIMPL**”), (b) for SIMPLBOX products identified by serial number in Exhibit A: Product Serial Numbers (“**Exhibit A**”); (c) for SIMPLBOX products covered by a valid SIMPLBOX Limited Warranty that is not voided or expired per the terms outlined in the SIMPLBOX Limited Warranty made available by SIMPL; (d) if purchased within 30 days of utility permission to operate (PTO) or when connected to a solar panel and no longer than 6 months from the manufacturing date; and (e) when signed by an authorized SIMPL employee.

This SIMPLBOX Extended Warranty Certificate serves as an amendment to the SIMPLBOX Limited Warranty. Subject to the conditions outlined above, execution of this SIMPLBOX Extended Warranty Certificate makes valid the SIMPLBOX Extended Warranty Term, as defined in the SIMPLBOX Limited Warranty.

For more information, including but not limited to, details regarding the warranty claims process, limitations of use, and definitions of defective products, please see the SIMPLBOX Limited Warranty.

**Exhibit A
Product Serial Numbers**

This SIMPLBOX Extended Warranty Agreement applies to the SIMPLBOX products identified using Table 1 or the Serial Number Range Table shown below. All SIMPLBOX units must be installed at a single site. For units installed at multiple sites, individual SIMPLBOX Extended Warranty Certificates must be issued per site.

Serial Number Range Table

For convenience, SIMPLBOX serial numbers can be expressed in a serial number range by identifying the serial number with the lowest numeric value ("**Starting Serial Number**"), followed by the serial number with the highest numeric value ("**Ending Serial Number**"). If the serial number range is used, all serial numbers included in the range are covered under this SIMPLBOX Extended Warranty Agreement.
